

KIT-0157
Gooseneck Hitch for 190 Tomato

3-pt mounted hitch with hydraulic pump and air compressor.

“Quick Hitch “ system allows for better machine maneuverability and also maintains proper angle in the PTO driveline at all times.

Benefits:

Allows pump to run while turning on ends.

Improves reliability of hydraulic pump.

Able to get tractor away from the row you are harvesting in wet conditions.

Price: \$

Availability: Special Order

Can be installed: Off Season only

Approx Time required to install: 16-20 hours in our shop

Will Fit: All
